

# BRAINERD DAILY DISPATCH.

OLUME 6, NO. 23.

BRAINERD, MINN., FRIDAY, JUNE 29, 1906.

PRICE TWO CENTS

## IS THIS WHAT AILS YOU?

If the Symptoms Fit Your Case, Remember "A Disease Once Known is Half Cured."

Feel feverish? Have headache? Backache? In fact, "ache all over?" Have occasional chills? Appetite gone? Tongue furred? Bad taste, especially in morning? Bad, foul breath? Perhaps nausea, or "sickness at stomach" occasionally? Feel weak, tired, blue and discouraged?

The above are symptoms common to stomach and liver derangements and often precede attacks of fever and malarious affections, grip, bronchitis, and "lung fever," or pneumonia.

Whichever ailment they point to, you may be sure that it is best to get rid of them as soon as possible by putting your system to rights, regulating, toning up and invigorating stomach, liver and bowels, and thus purifying your blood and system and enabling it to throw off the attack.

For the above purpose, medical science has as yet produced no better agent than Dr. Pierce's Golden Medical Discovery. It is not a secret, or patent medicine, all its ingredients being printed on the bottle wrapper. It is the prescription of a well-known and experienced physician. It contains no alcohol or other harmful, heart-forming agents, chemically pure, triple-refined glycerine being the base, as a solvent and preservative of the medicinal extracts of which it is composed. It is made from the following native, American medicinal roots: Golden Seal root, Queen's root, Stone root, Bloodroot, Mandrake root and Black Cherrybark. The medicinal properties of these are extracted by exact and peculiar processes with the use of chemically pure, triple-refined glycerine, of proper strength, and by means of apparatus and appliances devised for this special purpose, and in such a way as to produce a most perfect pharmaceutical compound.

As to the superior curative properties of some of the above ingredients, we can only give room here for a very few of the briefest extracts from standard medical works, but more complete information will be sent you, *free of charge*, in pamphlet form, if you will send your address, plainly written on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., with a request for the same.

Of Golden Seal root Prof. Bartholow, of Jefferson Medical College, says: "Very useful as a stomachic tonic (stomach tonic) and in atonic (weak stomach) dyspepsia. Cures gastric catarrh (catarrh of stomach) and headaches accompanying the same." Chronic catarrh of the intestines, even if it has proceeded to ulceration, is remarkably benefited by Hydrastis (Golden Seal). "It may be given as a remedy for intermittent, chronic and malarial poisoning, and enlarged spleen of malarial origin."

From "Organic Medicines," by Grover Coe, of New York, we extract the following: "Hydrastis (Golden Seal) exercises an especial influence over mucous surfaces. Upon the liver it acts with equal certainty and efficacy. As a cholagogue (liver invigorator), it has few equals. In affections of the spleen, and abdominal viscera generally, it is an efficient and reliable remedy. Also in seroful, glandular diseases, generally, entaneous eruptions, indigestion, debility, diarrhea and dysentery, constipation, piles and all morbid and constipation discharges."

Dr. Coe further says: "Hydrastis (Golden Seal) is also of inestimable value in the treatment of chronic derangements of the liver. It seems to exercise an especial influence over the hepatic (liver) structure generally, resolving (dissolving) biliary deposits, removing obstructions, promoting secretions, and giving tone to the various functions. It is eminently cholagogue (liver accelerator), and may be relied upon for the relief of hepatic (liver) torpor."

Thaxter D. Sullivan Resigns.

Washington, June 29.—The resignation of Thaxter D. Sullivan as a member of the house from the Eighth New York district was sent to the speaker Thursday and read to the house.

Prof. John M. Scudder, M. D., of Cincinnati, says of Golden Seal: "It stimulates the digestive processes and increases the assimilation of food. By these means the blood is enriched. \* \* \* In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is *universally* regarded as the tonic useful in all debilitated states."

As to Stone root, the AMERICAN DISPENSATORY says: "In diseases of stomach and intestines—improves appetite, promotes flow of gastric juice; tonic effect upon organs involved. A good remedy in indigestion, dyspepsia, chronic gastritis, increasing the secretion from kidneys, increasing the secretion from kidneys, increasing the secretion from kidneys."

Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of Stone root: "In catarrhal gastritis (inflammation of stomach) where the circulation is defective, it, either alone or combined with hydrazine, is of first importance. They increase the appetite and greatly improve the digestion and assimilation of food. \* \* \* Is a heart of direct and permanent influence. Excellent in the bicycle heart, in rheumatic inflammation and ergyman's sore throat."

All the other ingredients entering into the composition of "Golden Medical Discovery" are equally praised for their curative effects in all stomach, liver and bowel affections and *five* of them for bronchial throat and lung affections attended with severe cough, expectoration and kindred symptoms.

But you had best read for yourself the "words of praise" written concerning each and every ingredient of this marvelously efficacious medicine by leading medical practitioners and writers. This you can do by writing for the booklet mentioned in the preceding column. No other medicine for like purposes has any such professional endorsement as "Golden Medical Discovery," which should have more weight than all the ordinary testimonials so lavishly flaunted before the public by those who are afraid to publish their formulae that the search light of investigation may be turned upon them. It is well to know what one takes into the stomach whether in the form of food, drink or medicine.

From the same little book of extracts mentioned above it will readily be seen why Dr. Pierce's Favorite Prescription works such marvelous cures in those chronic and distressing diseases peculiar to women. In all cases of pelvic catarrh with weakening drains, bearing or "dragging-down" pains of distress, and in all monthly or periodical derangements and irregularities, the "Favorite Prescription" will be found to be made of just the right ingredients to meet and cure the trouble.

Your druggist sells the "FAVORITE PRESCRIPTION" and also the "GOLDEN MEDICAL DISCOVERY." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him as directed in preceding column.

It is as easy to be well as ill—and much more comfortable. Constipation is the cause of many forms of illness. Dr. Pierce's Pleasant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. All dealers in medicines sell them.

Dr. Pierce's 1000-page illustrated book, "The Common Sense Medical Adviser," is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of mailing *only*. For 31 stamps the cloth-bound volume will be sent. It was formerly sold for \$1.50 per copy. Address Dr. R. V. Pierce, Buffalo, N. Y.

Heavy Loss From Fire.

Buffalo, N. Y., June 29.—An ice house owned by the Silver Lake Ice company was burned here. Total loss, \$125,000.

## Cures of Deafness Startle Southern City

Although many remarkable achievements of L. T. Cooper and his medicines have been printed from time to time, none are more startlingly wonderful than his cures of deafness. His phenomenal success seems to have taken New Orleans by storm. Every newspaper in the city's devoting columns to the reports of his work. From the small boy to the be-whiskered grandpa, and from millionaire to pauper, every one has some extraordinary story to relate that is more remarkable than the rest. His headquarters at the American Drug Store is besieged with callers and a dozen clerks are busy all day long selling his medicines.

One can spend an interesting hour watching the crowds come and go, and listening to the stories of his patients. One man, Mr. E. Gania, by name, who gave his address as 1448 N. Robertson St., New Orleans, telling his experience was overheard to say, that for six years he was unable to hear without the aid of an ear trumpet, and yet he was apparently having no difficulty in understanding every word spoken to him in an ordinary conversational tone. When asked about the result of the treatment in his case, he said: "My hearing had become so poor that I had to give up my position. For the past six years I have not been able to hear without the aid of a trumpet and late even then only when spoken to in a very loud voice. I also suffered from Rheumatism, which had partially crippled me. Began using Cooper's New Discovery and also his Quick Relief medicine about ten days ago and noticed a slight improvement after the first few days. The rheumatic pains gradually left me and inside of a week I was able to walk almost as well as ever. My hearing has been entirely restored now and

His preparations, Cooper's New Discovery and Cooper's Quick Relief, as they are called, have had a phenomenal sale in Brainerd since their introduction here, and at H. P. Dunn & Co's drug store it is said that some of our most prominent citizens have used them with great success.

An amendment appropriating \$20,

## REFUSES TO RECEDE

HOUSE STANDS BY ITS CONFERENCES ON AGRICULTURAL APPROPRIATION BILL.

## THE WORK OF THE SENATE

PUBLIC BUILDING MEASURE OCUPIES MOST OF THE TIME OF THAT BODY.

Washington, June 29.—The house worked under forced draught and accomplished an immense amount of business preparatory to adjournment at the week's end.

Conference reports on a number of measures were adopted without debate, but it required special rules in other particulars to effect consideration and adoption of some important conference agreements.

Interest centered about the conference reports on the railroad rate bill and the agricultural appropriation bill, but both these reports were considered and adopted under a blanket rule permitting the consideration of conference reports without being printed in the Record.

The house expressed its confidence in its conferees on the agricultural bill by instructing them not to re-cede from the meat inspection amendment by a vote of 193 to 45.

The house also reappointed its conferees on the agricultural bill.

On the rate bill there was a general expression of satisfaction that that measure had been perfected.

Without taking a recess the house labored from 11 o'clock a. m. until adjournment at 11 o'clock p. m., during which time many bills on the private calendar were passed.

After the legislative business, which kept the house at the grindstone until 8 o'clock, had been disposed of, crowded galleries listened to another series of political speeches.

## PUBLIC BUILDING BILL.

Senate Puts in Most of Its Time Discussing That Measure.

Washington, June 29.—The senate consumed the greater part of the day discussing the public building bill, the time being occupied in the main by efforts on the part of individual senators to secure increases of amounts allotted for public buildings in cities and towns of their respective states. In no instance of this character were they successful, but in the case of San Juan, Porto Rico, Senator Foraker secured an advance from \$200,000 to \$300,000. There was quite general confidence that many of the defects complained of would be remedied in conference. In reporting the bill Senator Scott, chairman of the committee on public buildings and grounds, referred to it as the "pork barrel."

The agricultural appropriation bill made its appearance in the senate again during the day in a partial conference report. The report was complete except with reference to the meat inspection provision, and on that another conference was ordered.

There was some desultory discussion of the conference report on the pure food bill, but its disposition was postponed for a day. The conference committee's report on the Lake Erie and Ohio river ship canal bill was accepted without debate. The La Follette bill regulating hours of employment for trainmen was displaced by the building bill.

Senator Tillman found opportunity to make his long deferred speech on the cession in March last of Mrs. Minor Morris from the White House by direction of Assistant Secretary Barnes. He reiterated his charge that Mrs. Morris had been outrageously treated and said that the president had endorsed the action by appointing Barnes as postmaster of Washington.

## GENERAL DEFICIENCY BILL.

Senate Passes the Measure at Night Session.

Washington, June 29.—The senate at the night session passed the general deficiency appropriation bill, carrying an appropriation of about \$11,600,000. An amendment offered by Senator Gallinger providing that the eight-hour law shall not apply to superintendents and foremen of laborers on the canal zone was accepted.

Senator La Follette criticised the provision for the payment of the Cherokee removal claim of \$1,134,248, with interest at the rate of 5 per cent per annum since 1838, bringing the total up to about \$5,000,000. He said the attorneys would get about \$750,000. Senator Berry explained that the appropriation is to pay a judgment of the supreme court of the United States and no further objection was made.

His preparations, Cooper's New Discovery and Cooper's Quick Relief, as they are called, have had a phenomenal sale in Brainerd since their introduction here, and at H. P. Dunn & Co's drug store it is said that some of our most prominent citizens have used them with great success.

An amendment appropriating \$20,

500 for the payment of the expenses of the United States court in China was accepted. The bill was then passed.

## Universalist Convention Ended.

Owatonna, Minn., June 22.—The Universalist state convention has ended. The following officers were elected: President, W. P. Roberts, Minneapolis; vice president, A. Z. Squier, Albert Lea; secretary, Rev. H. L. Canfield, Owatonna; treasurer, F. D. Willis, St. Paul, Minneapolis was chosen as the next meeting place.

## PRESENTED AT COURT.

Mr. and Mrs. Longworth Meet British Rulers.

London, June 29.—Thursday's court was made notable by the presentation of Mr. and Mrs. Nicholas Longworth. The royal circle was numerous and the procession of the king, queen and officers of state was exceptionally brilliant. The king's breast glittered with orders and the queen wore beautiful jewels. The American presentations in the diplomatic circle, in addition to Mr. and Mrs. Longworth, were Mr. and Mrs. Frederick W. Whitridge and Miss Whitridge of New York; John G. A. Leishman, American ambassador to Turkey, and Mrs. Leishman.

President Roosevelt's daughter excited general attention. She wore her wedding gown, with a diamond ribbon at her throat and her hair was simply dressed. She was specially honored by King Edward and Queen Alexandra and the royal circle. A large number of Jewish people availed themselves of King Edward's concession in holding the court Thursday night instead of Friday, and attended the function.

After the presentations King Edward and Queen Alexandra passed to the supper room and immediately sent for Mr. and Mrs. Longworth to join them.

## PROPHESY BY SHONTS.

Declares Canal Will Be Completed in Eight Years.

New York, June 29.—That the Panama canal will be completed in eight years from the present time is the belief of Chairman Shonts of the canal commission. Mr. Shonts made this prophecy just before sailing for the Isthmus on the steamer Panama in company with Engineer Stevens of the canal.

## VICTORY OF HARVARD

CRIMSON CREW WINS A GALLANT RACE FROM THE OARSMEN OF YALE.

New London, Conn., June 29.—Harvard's Varsity triumphed over Yale before the greatest crowd that ever gathered here on a race day, and coming after years of defeat, victory was sweet indeed to the crimson. It was a great Yale crew that Harvard defeated, a crew that had broken all records on the Thames in practice, and went to the stake-boat a favorite, and Harvard's joy is unconfined.

To Captain Filley and Coach Wray the supporters of the crimson are offering the greatest tributes that ever athletic heroes received.

Harvard won but Yale rowed a race that will live long in the annals of college sports. Not once from the start until the last sixteenth of a mile did the shells cease to lap each other. The men in the rival boats could see each other for more than three miles and a half as first one coxswain and then the other called upon his crew for leg drive and body swing to push his shell ahead. Then and only then did Harvard really get the lead, for the killing pace proved too much for two of the Yale men and in the final spurt Boulton and Noyes of the blue were done, their oars literally slipping away from them. Here Harvard began to open up clear water between the two shells and in the last ten or fifteen strokes of the race she pulled away from her rival Noyes, Yale's No. 6, absolutely exhausted, fell unconscious from his seat and Boulton also collapsed, but both were later revived.

Harvard won the race by less than two lengths and a half. Her time was 23 minutes and 2 seconds, Yale's 23 minutes, 11 seconds.

It was like a chapter out of the story of Yale's rowing history to see her defeat Harvard in the freshman and 'varsity four-oared races on the Thames, the former being a splendid struggle and the other a walkaway win.

The following Minnesota boys were members of the Yale crew:

Robert Noyes, St. Paul, No. 6 Yale varsity and elected captain for next year.

Carl Schuneman, St. Paul, stroke Yale four.

William D. Harris, Minneapolis, No. 3 Yale four.

Peyton, Duluth, Yale freshman crew.

## MID-SUMMER CARNIVAL

Date Set for Big Show Under the Auspices of the Local Aerie of Eagles

JULY 30 TO AUGUST 4TH

Entire Week to be Devoted to Pleasure and Merry Making—Big Attractions

The date has been set for the Mid-summer Carnival to be given in this city under the auspices of the local Aerie of the Free Order of Eagles. The show will be held the week commencing July 30th and ending the fourth day of August. The Parker Amusement company has been secured to put on the attractions at that time and promise that they have the greatest carnival company on earth and the Eagles have as

assurance that they will make good. Further particulars will be made public later.

Chas. Walker and son Alonzo, leave tonight for an extended trip to the coast. They expect to see the ruins of San Francisco before returning.

All kinds of carpenter work done at E. J. Rhone's repair store, 729 Laurel St. Also new beds and mattresses for sale.

E. E. Hennan and Victor Carlson returned today from Perham, where they had been doing carpenter work on the new city hall there just completed.

Dr. Sallman, president of Carlton college, Northfield, Minn., who preached at the People's Congregational church last night returned to his home today.

Cleanliness is the first law of beauty; also the second and third. No matter what your complexion ills are, Hollister's Rocky Mountain Tea will cure them. 35 cents, tea or tablet. H. P. Dunn & Co.

Mrs. W. T. Hendren, of Minneapolis, who had been visiting at the home of Mr. and Mrs. George Trent, returned to her home in Minneapolis this morning.

Al Lindberg, the well known traveling man, arrived in the city today from St. Charles accompanied by his bride. The boys are extending hearty congratulations.

Mrs. L. S. Budd and little daughter returned today from a visit to Waupaca, Wis. They were accompanied by Mrs. Budd's mother, Mrs. Samuel Rasmus, of place.

John Carlson sold tickets on the Cunard line for a party of seven who went to Finland last night. The party was composed of Mr. and Mrs. Wm. Erickson and three children, Andrew Hetala and John Santoboska.

Geo. Sergeant and J. A. McMannis went to Perham last night to attend the state convention of Eagles. They took a team of goats along as a mascot and propose to bring the next convention to Brainerd. Here's hoping they succeed.

Appendicitis often follows the eating of a hasty or heavy meal. You can insure your safety however, by having Dr. Adler's Treatment near at hand. When the least discomfort is felt, take a dose at once and you need never worry about your appendix. Johnson's Pharmacy.

The Sons of Veterans will hold their regular meeting Monday evening instead of Tuesday evening, because of the number who are going away for the Fourth. There will be special business of importance and all members are requested to be present.

ANSWERS EVERY CALL.

Brainerd People Have Found That This

Is True.

A cold, a strain, a sudden wrench, A little cause may hurt the kidneys. Spells of backache often follow, Or some irregularity of the urine. A certain remedy for such attacks, A medicine that answers every call, Is Doan's Kidney Pills, a true specific. Many Brainerd people rely on it. Here is Brainerd proof.

Mrs. L. Peterson, wife of L. Peterson, janitor of the Columbian block, Brainerd, Minn., says: "I have given Doan's Kidney Pills a thorough trial and believe that this remedy is the most reliable preparation that exists for kidney trouble. I used to suffer from constant dull aching in the small of my back and loins and other symptoms which plainly indicated a disordered condition of the kidneys. I decided to try Doan's Kidney Pills and got a box at H. P. Dunn & Co.'s drug store. After using a few doses I felt better and in a few days the pain and other symptoms of kidney trouble disappeared. I believe that Doan's Kidney Pills have given me a new lease of life, and am so confident that this remedy will do the same in all cases of kidney trouble that I am advising every sufferer I meet to use it."

For sale by all druggists, Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

The DISPATCH will be delivered at your door for 40 cents per month.

## Calumet Baking Powder

—NOT IN THE BAKING POWDER TRUST—

It makes pure food.

## Farm, Home and Garden

Short, pointed statements of methods and results in Crow Wing County are requested for this column. Address all communications to Farm Editor, Box 1510, Brainerd, Minn.

Wear a smile on your face and a flower in your buttonhole." When the fight against yellow fever in New Orleans last year was in its most discouraging phase the employees of the health offices found a flower and a card with the above motto on each desk one morning. The effect was noticeable, it braced every man to face the danger and worry of the conflict with new energy and determination to win. The motto and the flower are just as valuable to you and to me. It is hard to smile when things go wrong, but it pays just the same. It is the man that smiles that wins, every time. Try it, even under unfavorable circumstances and notice how much easier it is each day than the day before. There is one habit that grows faster than smiling, and that is grumbling.

The writer has a large bed of lettuce this year and the other morning took in more than the cook thought could be used. Remembering the old man's fondness for "greens" she cooked it as you would spinach and served it with milk, the same as asparagus. With your eyes closed it would be impossible to tell it from spinach. This was the Hubbard Market lettuce, and grows in heads as big as spinach. Next year will see the spinach bed planted to lettuce in our garden as it is much easier to raise, comes earlier, and does not run to seed as bad.

Horsemen say that good horses are now scarce, and will remain so for some time. This is a result of the fear that automobiles would displace them, which lessened interest in breeding two or three ago. Good animals of the city delivery and carriage type are excellent property.—American Farm.

Farmers should beware of traffickers in dairy cattle. If you want the best, go to a breeder. Go to one who will

show you the performance of every cow in the herd and one that will sell you an animal for what she is individually worth and not for what some of her brothers or sisters have done.—Heatwole's Dairy Paper.

When you hear a man say that he has a cow that milks from one calf to another and does not go dry he has got a very short lived cow. A cow needs rest and must have it for her own good and also for the good of the calf. Give her two month rest and good care and you will have a good strong calf. When the calf is well along it needs considerable nourishment and it cannot go both places.—Heatwole's Dairy Paper.

The Nickel Plate Road

will sell special summer tourist tickets to Canadian and New England Points,

at one fare plus two dollars for fifteen day limit, from Chicago, and one fare plus four dollars for thirty day limit,

from Chicago. Information given upon application to city ticket office, No. 107 Adams St., Chicago.

The action of the heart depends upon the heart nerves and muscles. When from any cause they become weak or exhausted, and fail to furnish sufficient power, the heart flutters, palpitates, skips beats; and in its effort to keep up its work, causes pain and distress, such as smothering spells, short breath, fainting, pain around heart, arm and shoulders. The circulation is impeded, and the entire system suffers from lack of nourishment.

Dr. Miles' Heart Cure makes a heart strong and vigorous by strengthening these nerves and muscles.

"I had palpitation and pain around

my heart, and the doctors said it was incurable. I don't believe it now, for after taking six bottles of Dr. Miles' Heart Cure, three bottles of the Nerve and Liver Pills I am entirely cured, and feel better than I have for five years, and it is all due to these remedies. I urge you to know that your medicines cured me. I believe me from the first dose, and I kept right on, the pain in my chest was gone, and I kept on feeling better even after I quit taking it." JOHN H. SHERMAN, Bedding, Mich.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

Miles Medical Co., Elkhart, Ind.

## BENEFIT BASE

## BALL GAME

Game Sunday for the Benefit of  
The Striking Iron Moulder  
of the Twin Cities

## MOULDERS VS. NORTH STARS

Both Teams are in Good Shape  
And a Good Crowd and Hot  
Game is Expected

The local Iron Moulder have arranged for a ball game Sunday afternoon for the benefit of the striking moulder of the twin cities. They have arranged with the North Stars to meet them on the diamond at Athletic Park at 3:30. The moulder have not been beaten this year and the North Stars have also been playing fast ball. A hot game is promised and a good crowd is expected.

## SPORTS AT GILBERT LAKE

Program of Events at the Trades  
and Labor Celebration  
Fourth of July.

## SPORTS BEGIN AT 11 O'CLOCK

Grand Fireworks Display in City  
Park Fourth of July Eve-  
ning at 9 O'clock.

While the committee on solicitation of funds has not yet completed its work at least a partial program of the sports can be given. The sports will commence at 11 o'clock in the forenoon, no program of speaking having been arranged for. There will be other games and contests made up on the grounds which cannot be announced as yet because the committee appointed to solicit funds has not as yet completed its work. The sports already arranged for are as follows:

Married men's race—100 yard dash—First prize, 100 pound sack of flour. Second prize \$1 in merchandise.

Married or single men's race—100 yard dash—First prize, box of cigars worth \$3.50. Second prize, shirt worth \$1.50.

Married Ladies' race—100 yards—First pair, shoes, value \$3.50. Second, picture worth \$2.00. Third, corset worth \$1.00.

Single Ladies' race—First One Dozen Photos, \$2.00. Second prize, \$1.00 in drugs.

Girls' race, 12 to 16 years—First prize, Art Needlework worth \$2.50. Second, Brooch worth \$1.00.

Boys' race, 12 to 16 years—First Prize, Fishing Reel worth \$2.50. Second, cap worth \$1.50.

Fat Man's race—100 yards—First, Hat worth \$3.50. Second, Pipe worth \$2.00.

Ladies' Nail Driving contest—First Prize, Piano Scarf worth \$2.00. Second, Album worth \$2.00.

Boat race—Picture worth \$2.00.

There have been \$125 worth of fire works ordered and they will be set off in the city park commencing at nine o'clock. There will be other races and dancing at the pavilion afternoon and evening.

10c Extra, for a sack of

## ACCIDENT FLOUR

is a good investment,

Cured Hemorrhages of the Lungs

"Several years since my lungs were so badly affected that I had many hemmorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommended it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. H. P. Dunn & Co. eoddw.

## RAILROAD NEWS

Items of Interest Regarding Railroads  
and Railroad Employees

The two committees representing the Northern Pacific employees of the Order of Railway Conductors and the Brotherhood of Railway Trainmen, yesterday discontinued the meetings they have been holding for some days at the Frederic hotel.

Both committees will meet again at the Frederic some time in July to continue consideration of the schedule of working hours and negotiations regarding it with the railroad company.

## DID NOT HAVE A DRESS SUIT.

So a Montana Man Declined Invitation  
to Dine at White House.

ROOSEVELT NOT A CANDIDATE.

Washington, June 29.—President Roosevelt had an unusual experience Thursday. An invitation which he extended to a caller to take dinner with him at the White House was declined. John Willis of Glasgow, Mont., was the man who rejected the invitation. He is an old-time friend of President Roosevelt. They formerly ranched together on the Little Missouri river.

Willis, accompanied by Thomas Everett of Harlem, Mont., called on the president with Senator Carter to discuss what they maintained were the dilatory tactics of the engineers of the reclamation service on the Milk river project in Montana. They said the engineers had been engaged four years on the work and had not finished it, although they thought it ought to have been done in six months.

When the president extended to Willis his dinner invitation Willis pleaded he could not accept it because he did not have a dress suit. The president assured him that need not worry him, but Willis was obdurate. The president said he would be glad to entertain him in a suit of buckskin, but Willis insisted that he knew what was proper and said that while he would be glad to join the president in a horseback ride, he could not think of going to the White House for dinner in anything but a dress suit.

## Jap and Porto Rican Hanged.

Honolulu, June 29.—Okomolu, a Japanese, and Lorenzo Colon, a native of Porto Rico, both uxoricides, were hanged here. The Japanese, in a speech from the gallows, begged the pardon of his home government for having disgraced the nation, and of the local government for causing him the trouble of executing him. Both men confessed to having murdered their wives.

## Agitators Arrested.

Krementchog, Province of Poltava, June 29.—The police of this place have arrested several agitators on the charge of "seeking to provoke a pogrom of Jews."

## WHAT THE MARKET AFFORDS.

Hints to Perplexed Housewives as to Possibilities for Their Sunday Bills of Fare.

What to get for Sunday dinner is always a problem to the housewife. It is especially so to the one who does her marketing over the telephone. She lacks the inspiration of the sight of the dainty fruits and fresh vegetables and often finds herself at a loss what to order. A few hints as to what the market affords may be of service to her.

Strawberries are a little more plenty, as the Minnesota fruit is beginning to come on the market. They are quoted at two boxes for a quarter.

New apples are now putting in an appearance. They are retailing at three for a nickel.

Purple plums are commencing to arrive. They sell at fifty to sixty cents a basket.

Tomatoes are getting a little more plenty, they cost 35 cents per basket.

Cucumbers are selling at five cents a piece. Minneapolis raised cucumbers will be on the market here tomorrow.

Home grown green peas will be on the market here tomorrow. They will command 30 to 50 cents a peck.

Bermuda onions are selling at three cents a pound.

Watermelons are yet a variety but can be had at half a dollar apiece.

New turnips are on the market and are delicious and healthful.

New potatoes have practically the market to themselves now. A new way of serving them is given below:

"A Trappist recipe for potatoes directs that six large potatoes be sliced and boiled. Then make a frying batter of one cup of milk, one egg, beaten, four tablespoons of flour and some parsley, adding four sliced onions fried in butter. Stir these, add the potatoes and barely enough milk to cover, also some chopped parsley, a little nutmeg and plenty of breadcrumbs on the top of the dish. Bake until brown."

## A Lesson in Health

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. H. P. Dunn & Co. eoddw

## FINED HIM \$50

Judge McClenahan Fined Grand Rapids

Man for Tampering With a  
Juryman.

In imposing a fine of \$50 on John McVeigh for contempt of court at Grand Rapids this week Judge McClenahan took occasion to give the citizens of that county a severe calling down for the obstacles put in the way of enforcing the law in Itasca county and stated that hereafter all juries in criminal cases there would be kept in confinement during the trial of a case to prevent their being tampered with. McVeigh was charged with trying to get a juryman to vote to acquit a man who was charged with setting fire to a building owned by Jerome Keliher, formerly of this place, on the ground that Keliher was a "bad man" and had "robbed lots of lumberjacks."

A man who is in perfect health, so he can do an honest day's work when necessary, has much for which he should be thankful. Mr. L. C. Rodgers, of Branchton, Pa., writes that he was not only unable to work, but he couldn't stoop over to tie his own shoes. Six bottles of Foley's Kidney Cure made a new man of him. He says, "Success to Foley's Kidney Cure." H. P. Dunn & Co. eoddw

### ACCUSED OF MURDER

HARRY KENDALL THAW INDICTED BY GRAND JURY FOR KILLING STANFORD WHITE.

### WIFE REFUSES TO TESTIFY

MRS. THAW BEGS TO BE EXCUSED FROM GIVING ANY TESTIMONY WHATEVER.

New York, June 29.—Harry Kendall Thaw has been indicted for murder in the first degree for the killing of Stanford White last Monday night on the Madison Square roof garden. His wife, Evelyn Nesbit Thaw, appeared

as a witness before the grand jury, but begged to be excused from giving any testimony whatever. She was treated kindly by Assistant District Attorney Garvan, who did not insist that she should answer any questions. Thaw will plead to the indictment in court in the morning.

No time has been set for the trial until District Attorney Jerome's return to the city.

The grand jury's inquiry followed a perfunctory inquest, which rendered a formal verdict that White's death had been caused by young Thaw. The latter calmly listened to the testimony. When the jury had completed its verdict, Thaw was recommitted to the Tombs without bail. His indictment was announced soon afterward.

Mrs. Thaw Visits Her Husband.

Mrs. Thaw, following her appearance before the grand jury, crossed the "Bridge of Sighs" and entered the city prison to see her husband. They talked together for a long while and when Mrs. Thaw finally attempted to leave the great granite building she found her way blocked by the largest crowd, the police say, that has ever

gathered about the structure. She was virtually held a prisoner by the inquisitive throng for thirty minutes when reserves from many police precincts managed finally to clear a way for her.

Stanford White was buried Thursday with simple ceremonies at St. James, L. I., where he had a summer home. The services were held in the St. James Episcopal church and interment was made in the graveyard surrounding the quaint little edifice.

In the opinions of physicians who performed the autopsy on White's body, the life of the architect was shortened not more than two years by the bullets from Thaw's pistol. He was found to be suffering from Bright's disease, from incipient tuberculosis and from fatty degeneration of the liver.

Thaw sent a message from the Tombs to Anthony Comstock, president of the Society for the Suppression of Vice, saying he had received a letter which it would pay Mr. Comstock to investigate. An agent of the society called upon Thaw but was not admitted. It was said that either the agent or Mr. Comstock might see Thaw later.

### Her Evidence Not Necessary.

Mrs. Thaw's appearance before the grand jury had been looked forward to with considerable interest, as it was thought she possibly would take advantage of the opportunity to throw some additional light upon the tragedy. When she appeared and requested to be excused from testifying, the jury took the view that for the purpose of an indictment her evidence was not necessary.

Without becoming excited in the least, but in a calm and rather forcible manner she said clearly, with emphasis on each word:

"I hope you gentlemen will not insist that I shall answer any questions. I must respectfully decline to answer the questions you intend to ask me. I say this will all respect to you gentlemen."

Mr. Garvan then asked her:

"Why don't you wish to answer?"

Addressing the foreman, Mrs. Thaw replied earnestly:

"I might say something that might do harm to my husband and a wife ought to do all she can to protect her husband. I beg of you not to insist in putting further questions to me, because if you do I will have to decline to answer."

Mrs. Thaw was then excused.

Miss May McKenzie, the actress friend of Mrs. Thaw, who was said to have been called before the grand jury, was not sworn in as a witness. She and a number of other witnesses have been subpoenaed in the Joe Doe proceedings which are to be conducted by the district attorney's office.

### Shoots at Girl, Then Suicides.

Hutchinson, Minn., June 29.—Edmund F. Lotz, an electrician of St. Paul, shot and instantly killed himself in this city. Before he fired the shot which ended his own life he fired at and missed Miss Laura Dunbar of Montana, who was visiting in Hutchinson and to whom Lotz is said to have been engaged at one time.

### FOUR PERSONS KILLED.

Excursion Train Runs Down a Carriage at Gwynedd, Pa.

Philadelphia, June 29.—Four persons, two of them a bride and bridegroom of a day, were killed at night on the Philadelphia and Reading railroad at Gwynedd, near this city, by an excursion train which ran down their carriage at the station. Two of the victims were Thomas Jaquett and his wife of North Wales, Pa. The names of the other couple have not yet been learned.

Mr. and Mrs. Jaquett, who had been married only the previous night, went driving with friends in the evening. They attempted to cross the tracks in front of a fast speeding train, which they evidently thought would stop at the station.

### THE TEST IS BEST

Go over CLOTHCRAFT garments point by point, the fabrics, the patterns, the graceful lines, the lay of the collar, the shaped shoulders, the trimmings, the finish, the faultlessness of the general ensemble and you will not wonder then at the giant strides CLOTHCRAFT has made in the clothing world!

The sooner you learn why you should wear this famous make, the sooner you begin to save, and the sooner you discover that every builder and wearer of good clothes can learn something in clothes craft from CLOTHCRAFT.

We can sell "all wool" without a blush because the best woolen mills in the land know too well that they dare not submit a yard of questionable cloth to go into CLOTHCRAFT garments—that's cloth-craft from CLOTHCRAFT.

CLOTHCRAFT is not merely a high grade distinguishing mark, but a name that has made a mark in tailoring triumph; it means service—protection: ask for CLOTHCRAFT CLOTHES and be sure you're safe.

Suppose you step in and test your senses of sight and touch, we fear not your verdict.

**J. F. MURPHY.**
